Dear Andrew,

Re: Courage to Care exhibition in Griffith March 2006

I would like to thank you for your recent visit advising our Gallery about the potential of hosting the Courage to Car exhibition coming to Griffith. I was particularly impressed by the outstanding success of the Courage to Car program in addressing the emerging issues of prejudice, discrimination and bullying in schools.

The Griffith Regional Art Gallery Management Committee have met and discussed the hosting of the exhibition in March 2006. We agree that due to the significance of the exhibition in terms of the impact that it has on school communities; we would like to encourage the school communities within our region to attend the exhibition. Unfortunately, as you would be aware now, most are located some distance from Griffith. I would like to applaud your organisations efforts in attempting to assist in helping these future leaders of our respective communities attend such an important program in Griffith.

Kindest regards,

Mike Neville
Chair
Griffith Regional Art Gallery
