

# MOREE PLAINS GALLERY

Thursday 26 June 2003

Andrew Havas  
Chairman  
Courage to Care  
PO Box 443  
Kings Cross NSW 1340

Dear Andrew,

I would like to convey the thanks of the Moree Plains Gallery and the Moree Cultural Art Foundation to you and all of the volunteers involved in bringing the *Courage to Care* exhibition and associated activities to Moree.

As you are aware the exhibition attracted an unprecedented number so visitors to our gallery, with excellent attendances from school groups. We were also very pleased with the number of people who attended the opening night with John Anderson MP as our special guest. Again, many thanks to you and your people for arranging for John to be in Moree for the opening.

The publicity generated by the whole concept was also extremely good and we appreciate very much that it has reflected well on the Moree Plains Gallery and its ability to provide some diversity and quality in our annual program of touring events.

On a personal level I would like to commend all of your volunteers for their professional delivery of the workshop program and for their generosity and friendliness in dealing with the public. I would especially like to thank Josie and Jeannie for the smooth running of a complex and very detailed education program with thanks also to Myer Stein for managing the installation and packing up of the exhibition. The feedback from both the schools and the TAFE Campus has been very positive.

The *Courage to Care* exhibition has left a great impression on the community and I felt that many of the objectives were easily achieved, particularly in engaging a part of our local Aboriginal community.

The Moree Plains Gallery wishes your organisation all the best in their endeavours and would be most pleased to provide an endorsement if required.

Yours sincerely,

Bruce Tindale  
Gallery Director
